# SGSCC FOUNDATION

SGSCC, your Community College, has delivered adult education opportunities to our community for over 40 years. We are a not-for-profit organisation with DGR (deductible gift recipient) and PBI (public benevolent institution) status. We are dedicated to creating a sense of community, a place of belonging and acceptance for all, irrespective of age, cultural identity, and physical and intellectual capability. We believe that every person should have access to lifelong learning in a welcoming, safe, and inspiring environment.

We are committed to delivering the very best educational opportunities available and why we constantly evaluate our efforts to make sure they are practical and lasting.

#### Our values and beliefs lead us:

- To be passionate about people with a disAbility and advocate for inclusion that empowers and supports them to live the life they choose.
- To support our most vulnerable people to access education and support services that enrich their lives because we know we live in a world where people achieve when they have opportunity and encouragement.
- To ensure respect and integrity are fundamental in all that we do at SGSCC.

SGSCC relies on the generosity of the community in which we serve to enrich the lives of others.

STUDENT JOURNEY AND

# EXPERIENCE

NAREE

**I started Floral Art at SGSCC in a beginner's class about 10 years ago.**

Although it's an eight-week course, I found that there was so much to learn. I am still learning new things today, some 11 years later. I worked it out in my head, that's 700+ hours of experience!

I have found huge enjoyment working with flowers. I have also forged special bonds with other students and especially with my tutor, Judy. It's not just about learning, it's about connecting with like-minded people. We even catch up socially each term.

Having my beautiful floral arrangements on display in the house every week is very satisfying. The praise received from family and friends also fills me with happiness.

So here is to another 10 years of fun with flowers at SGSCC!

# LEISURE PROGRAM

## OVERVIEW

Each Term SGSCC Leisure offers over 250+ short courses in various leisure and lifestyle areas. From learning a language to becoming a culinary genius; creating your designer outfit to learning an instrument, you can learn to do what you have always dreamt of doing.

Become a pro-handy person or write a short story; enhance your artistic flair or learn how to build a new business from scratch - We have an ever-changing program, taught by some of the best tutors in their industry, and all at an affordable price.

Learn with like-minded people and forge friendships. Grab a friend, family member or even a group and enrol into a class. Learning at SGSCC is fun and rewarding.

Our programs are delivered across daytime, evening and weekends in the Sutherland Shire and Georges River Region.

There really is something for everyone at SGSCC.

MASON

**I enjoy my time with Valerie and all the students in the Experimental Art classes. We have a lot of fun and I enjoy learning different techniques. I especially love Cubism and have quite a few paintings now in that style.**

My classmates make me feel welcome and are very helpful. My collection of paintings is growing and my sister now has some of them in her new house."

Sheree, Mason's disAbility Support Worker adds "it's been a pleasure and privilege to watch Mason participate in the Experimental Art Class and see his enjoyment, passion, enthusiasm, growth and willingness to learn different techniques.

He has risen to every challenge no matter how messy or difficult it first appears to be. It's been amazing to witness the immediate result and see how proud he is of his work.

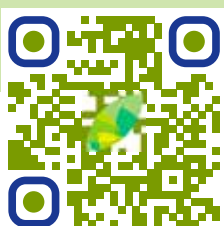

Mason's teacher has been fantastic at teaching and has gone above and beyond to ensure that the class is inclusive to all the participant's needs, skill level and passions"

## STUDENT JOURNEY AND

# EXPERIENCE

KIARA

**I joined SGSCC a year before embarking on the most thrilling journey of my life, high school.**

At the time I felt unprepared and completely out of my comfort zone, but SGSCC not only provided a warm and welcoming environment but it taught me many valuable lessons about working hard, having confidence and being dedicated in all we choose to do. Without their support, I could never have gained the passion and knowledge I now possess for school, which has enabled me to achieve more than I could have ever imagined.

Although high school hasn't always been easy, the constant support and genuine concern from all of the teachers have taught me that every obstacle can be overcome with the right attitude and an encouraging environment. An environment embodied by those at SGSCC who believe in all their students and their ability, even in times when we don't ourselves.

As I finish my final year of high school and reach the end of this journey, already so eager for the next, I have realised to take a moment to reflect and show my gratitude for the continuous hard work and dedication the staff at SGSCC put in to ensure we all reach the potential they knew we were capable of.

CURRENT  
TUTORING  
CLASSES

### About Us

The SGSCC SchoolAge Tutoring College was established in 1994 and for the past 28 years has offered an extensive suite of academic classes that cater for students from Year 1 to Year 12.

Since its inception, it has assisted 1000's of students to successfully navigate their educational journey and be rewarded with the vocational or educational future of their choice. Our OC, Selective High, Independent School Scholarships and HSC results are second to none and are a testament to our hardworking students, specialised programs and experienced teachers.

### Learning Environment

We provide a safe nurturing environment that aims to foster learning excellence whilst engaging the student in the wonderment of learning. All questions are encouraged and programs are designed to attend to the individual needs of the student.

The class sizes are small to facilitate quality face to face instruction and focus on the student's individualised needs to optimise learning. Class content follows the NSW Board of Studies Curriculum.

### Teaching Staff

All teachers are selected from a meticulous screening process for their outstanding ability to engage and inspire their students, enabling all students to reach their full potential.

Explicit instructional guidance is given explaining the concepts and skills students need to achieve. The teachers deliver this instruction through a hybrid of teaching styles that cater for the students' range of learning styles.

- **Auditory** – learners absorb information best by listening
- **Visual** – learners take in information through seeing it. Practical demonstrations and presentations work better than discussions
- **Kinaesthetic** – learners take in the information when they can perform the task by a practical hands-on method.

## STUDENT JOURNEY AND

# EXPERIENCE

THEODORA

I was born in Cypress and left school when I was 10 to work on a farm. When I came to Australia in 1976 I had very little English and unfortunately, I lacked the time and opportunities to attend any English classes. As soon as I arrived, I went straight to work, met my husband, married and had children. I just did not have time to learn. After my children grew up, I decided it was time to improve my own education. I could speak English but could not read and write. I did not even know my ABCs.

I have been extremely fortunate to attend English classes at SGSCC. The classes are excellent and have made going to study both interesting and a lot of fun. My study consists of learning through ACE English classes, workshops and the occasional guest teacher all of which has provided an excellent learning environment and has been completely free.

The teachers and managers of my English program are amazing. They are very caring and supportive of me and have designed an individualised English program that suited my personal needs. This program has allowed me to study at my own pace.

The College has not only provided English instruction but it has also played a huge part in my social life where I can learn English, go for coffee and have a chat. I have made many friends at the College - students as well as teachers.

My children are very happy I came to learn English at SGSCC. I can now read and write really well in English which has opened up so many opportunities for me.

STUDENT JOURNEY AND

# EXPERIENCE

SIOBHAN

**In 2020 due to the pandemic, like many of us, I had to rethink my career after being stood down from my role as a flight attendant. I took this as an opportunity to take up studies through SGSCC.**

My experiences at this college have been amazing and life-changing.

Firstly, I enrolled in TAE40116 Certificate IV Training and Assessment. Not knowing what to expect, I found this course challenging but soon realised how valuable this Certificate is. I was guided by the highly professional trainer Marcio Salgado, who was engaging and motivating and delivered the course content in a supportive way.

After completing my TAE, I enrolled in CHC40213 Certificate IV Education Support, which I am currently finishing, with an aim to further my studies and potentially secure employment as a Learning Support Officer. This course lived up to all my expectations. From the moment I walked into the classroom at SGSCC, I was immersed in a primary school setting. My trainer Lauren Mearns is passionate about education and, with her wealth of knowledge and experience in the education system, prepared me for my work placement within a school so well that I was offered employment at my school and I am still there today.

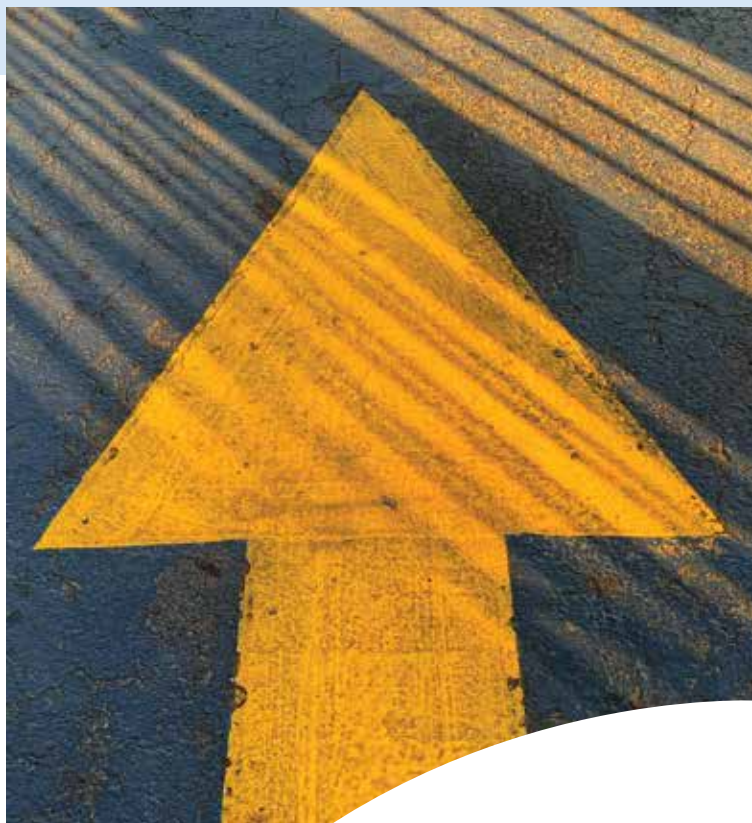

The vocational education experience that I received at SGSCC was exceptional. The support, encouragement, and guidance from all the staff from enrolment through to graduation and everything in between is second to none. I am proud to call myself a graduate of SGSCC and I highly commend it to anyone looking to further their education.

## STUDENT JOURNEY AND

# EXPERIENCE

LYNDA

**My journey started in 2019 when I left my family in Kenya to pursue a course that will make a positive impact in people's lives, so when I enrolled at SGSCC, I felt well received by the trainers who were always there to support us, this was helpful in overcoming a lot of barriers and challenges as an international student.**

The staff & trainers were respectful to my culture which was very important to me. Through my course, I have been able to learn and grow through class training, assessments and 400 hours of field placement at Western Sydney Community Centre (WSCC). The experience has taught me to be resilient and over time I have more confidence in helping clients to advocate for themselves. It feels exciting when you watch your clients grow and no matter how small the changes are, their quality of life changes. Completing my course is important to me as a mental youth worker and it has equipped me with the knowledge and skills that I need in the industry.

I'm grateful to my family and SGSCC for their unending support I wouldn't have it any other way.

# WORK PLACEMENT

Are you ready to make a difference in a student's life?

Do you want to employ a new team member but are not sure if it will work out?

Do you want to pass on your knowledge to the next generation of employees?

**BECOME A HOST EMPLOYER TODAY!**

**Our Field Placement Team at SGSCC collaborates with our host employers to provide an experience for students, that meets the student's course requirements. The aim is to expose students to the industry of their choice, tailoring an experience based on individual host employers. Our team provides the host employer with schedules for students and dates for assessments, conducted by our skilled Field Placement Assessors.**

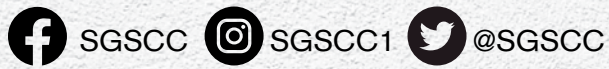

All our students have obtained a Police Check, Working with Children Check (for organisations that require it), and any immunisation requirements. During the student's time at placement, each student will work through a workbook to journal their experiences and log their hours. This is checked by our Field Placement Assessor during on-site assessments and signed by the host employer.

What is exciting for the students is exposure to the industry. We like to adapt their experiences during field placement to the required learning, as everyone's experience is different. Our Field Placement Assessors conduct their student assessing around the host employers' programs/needs, ensuring there is no disruption to service delivery, respecting client privacy.

SGSCC partners with many host employers as an employment pathway for recruitment. Field placement is an excellent opportunity for both the student and the host employer to get to know each other and test the best fit. SGSCC has had excellent results, with 85% of students being offered employment during or after field placement.
