* The ACE Program is funded by the NSW Government and is FREE for all eligible participants.

VOCATIONAL EDUCATION

Every course is a step up. Follow a nationally recognised pathway from Certificate II to Graduate Certificate. Qualifications in aged and disability care, community services, early childhood, business, IT, cyber security, training and assessment, and go as far as your ambition takes you.

Real skills. Real support. A career that starts here.

A not-for-profit community college, teaching across the St George and Sutherland community for over 30 years. We put students first, not profits, so your fees stay low. Learn from trainers who have actually done the job, with hands-on work placement we help arrange. You finish job-ready and with real experience behind you, not just a certificate.

One clear pathway from Certificate III all the way to Graduate Certificate, with free language, literacy and numeracy support and a counsellor at no extra cost. Monthly intakes mean you could start in weeks, not months. Start your learning journey today!
